Re: Notice of Intention to Commence Small Mining Activities, Red Bone Project, S/027/051, Millard County, Utah

Dear Mr. Cox:

Thank you for your letter, received by the Division July 29, 1994, concerning Natural Resource Holding Company's proposed small mining project located in the NW1/4 of Section 1, T19S, R14W, SLBM, Millard County, Utah. Your agency's designated file number is UTU-070654. The letter *does not* satisfy the notice requirements of Rule R647-003 of the Utah Mined Land Reclamation Act of 1975, Title 40-8, et seq., Utah Code Annotated.

A topographic base map showing the location of the proposed small mining operation must be submitted before the Division can accept this notice of intent. The areas to be disturbed should be plotted in sufficient detail so that they can be located on the ground. It is also recommended that the operator plot and label any previously disturbed areas in the immediate vicinity of the operation for which the operator is not responsible.

We will suspend our review and await the amended Notice of Intention. In reply, please reference our file number S/027/051. Please call if you have any questions. Thank you for your cooperation.

Sincerely,

Travis W. Jones
Reclamation Hydrologist
